What is IAC

The International Astronautical Congress (IAC) is the world's premier global space event and has been held annually since 1950. It is the one time each year when all the stakeholders in the space industry come together, attracting as many as 10,000 participants annually.

The IAC unites the global space community under one roof - every sector, every voice – to spark innovation and forge powerful partnerships. Celebrated for its unmatched networking opportunities, it serves as a launchpad for bold ideas, breakthrough collaborations, and the next era of space exploration.

Organized by the International Astronautical Federation (IAF) and hosted in a new country each year, with a unique theme and local organizer, the IAC is the premier platform for scientists, engineers, industry leaders, policymakers, students, and enthusiasts to connect, collaborate, and shape the future of humanity beyond Earth.

More than a congress – it is where the world meets space.

What does IAC consist of

Join the World's Premier Space Event and Shape Tomorrow.

The International Astronautical Congress (IAC) is the ultimate global platform organized by the International Astronautical Federation (IAF)

– connecting everyone in space - from scientists and engineers to policymakers, industry leaders, students, astronauts, and the media.

Why Be Part of IAC 2027

Scientists & Engineers: Showcase your breakthrough research and stay ahead in the fast-evolving space landscape.

Agency Officials: Share your latest missions, engage with the full spectrum of space stakeholders, and gain invaluable feedback.

Industry Innovators: Launch your cutting-edge technologies and forge powerful new partnerships.

Sponsors and Exhibitors: Showcase your company's space ambitions on the world stage and attract the international space community.

Students & Young Professionals: Access tailored networking and career-building programmes designed just for you.

Policy-Makers: Discover how space solutions address pressing global challenges and drive national progress.

Astronauts: Inspire with your stories and vision to a uniquely diverse, global audience.

Media & Press: Be the first to report on groundbreaking space developments from world-leading experts.

General Public: Experience the excitement and impact of the global space community firsthand.

Be where space happens.

Plenary Programme

High-level speakers present the latest trends and insights in space research, technology and exploration.

Associated and Side Events

Such as the UN/IAF Workshop, the IAF International Meeting for Ministers and Members of Parliaments, these complement the diverse IAC programme, covering niche topics or the needs of dedicated stakeholders within the space community.

IAF Global Networking Forum (GNF)

A global, comprehensive and appealing platform fostering the interaction and the discussion through the diversity of events, tailored according to the stakeholder's needs.

Exhibition

Where all actors of the space and allied sectors showcase their latest work, establish new partnerships and hold business networking events.

IAF Global Space Leaders Summit

This unique meeting brings together heads of space agencies and offices to foster partnerships and shape the future of space governance and cooperation.

Technical Programme

Presenting scientific and technological breakthroughs in space science, technology, exploration, space law and policy, security and others. More than 3,000 papers are presented annually.

IAF International Astronauts Chapter

The group of esteemed astronauts worldwide foster knowledge-sharing and public engagement through panels, discussions, and outreach.

Social Programme

Introducing the local space and cultural environment.

Why IAC 2027 in Poznan

POZNAN: A TOP CHOICE FOR LIFE AND BUSINESS.

Ranked 2nd out of 330 in the European Cities of the Future 2025 for Human Capital & Lifestyle, Poznan stands out for its exceptional quality of life. With top universities, a thriving job market, and a buzzing cultural scene, Poznan is a city where people and businesses grow together.

POZNAN: PRIME LOCATION. ENDLESS CONNECTIONS.

Poznań is located halfway between Berlin and Warsaw. It can be reached by bus or car: the A2 highway, national roads No. 92 (east-west) and No. 11 (north-south). The city can also be accessed by train from all over the country and abroad. In addition, Poznan's Ławica Airport offers direct flights to a total of 30 cities in Europe and Asia.

POZNAN: POLAND'S CULTURAL CAPITAL.

See Poland's only Monet (Beach in Pourville), the only Pharaonic obelisk (of Ramses II), and the country's oldest relic (Sword of St Peter) - all in one city. With over 40 art galleries and 8 theaters, culture lives and thrives in every corner of the city.

POZNAN: A BUSINESS-FRIENDLY POWERHOUSE.

For the third consecutive year, Poznan has maintained its second-place position in the "Business Friendliness" category of the European Cities of the Future 2025 ranking. This achievement highlights the city's strong commitment to supporting businesses, both local and international.

POZNAN: A CITY THAT STANDS OUT.

This prestigious award was granted for the city's exceptional achievements in attracting investment and supporting economic development, specifically in terms of the booming modern business services sector, and the numerous infrastructure projects implemented by the capital of Wielkopolska.

The IAC 2027 Venue

Poznań International Fair –
The Largest Event Center in Central and Eastern Europe.

Address: 10 Głogowska Street, Poznań, Poland

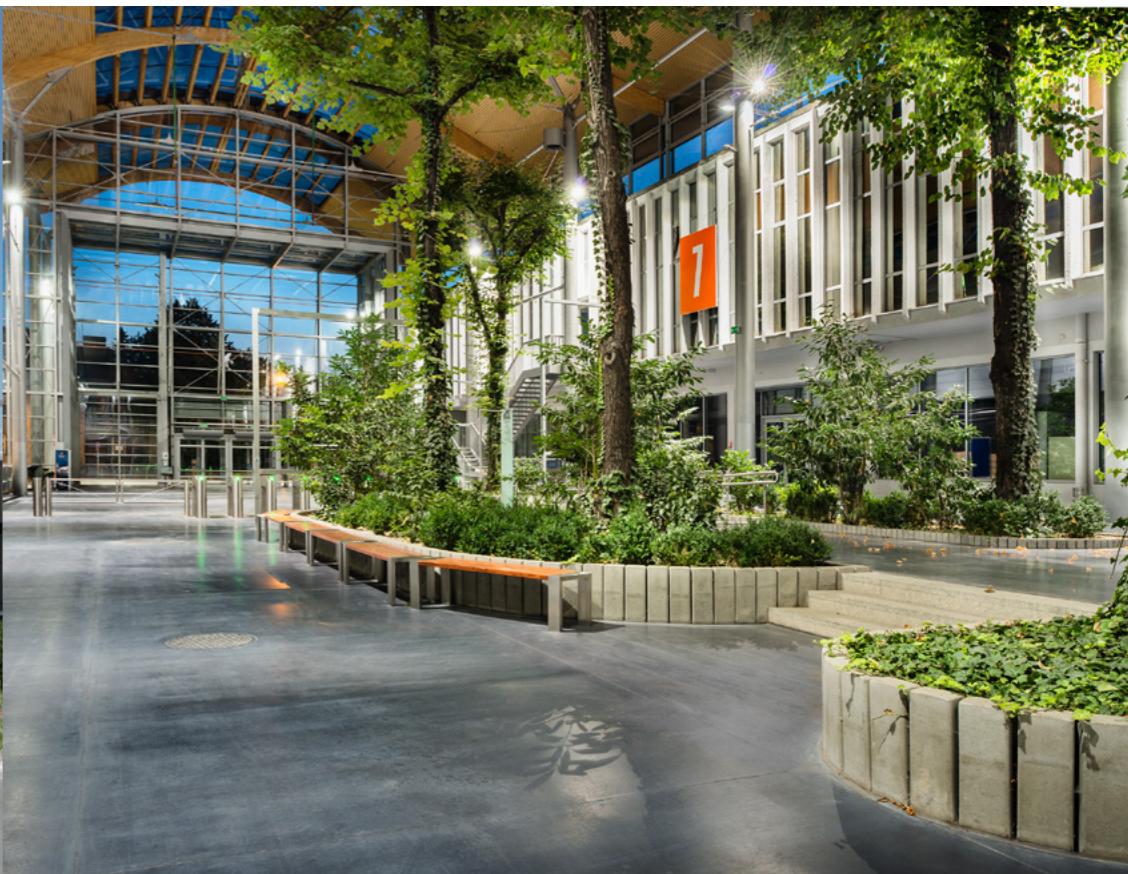

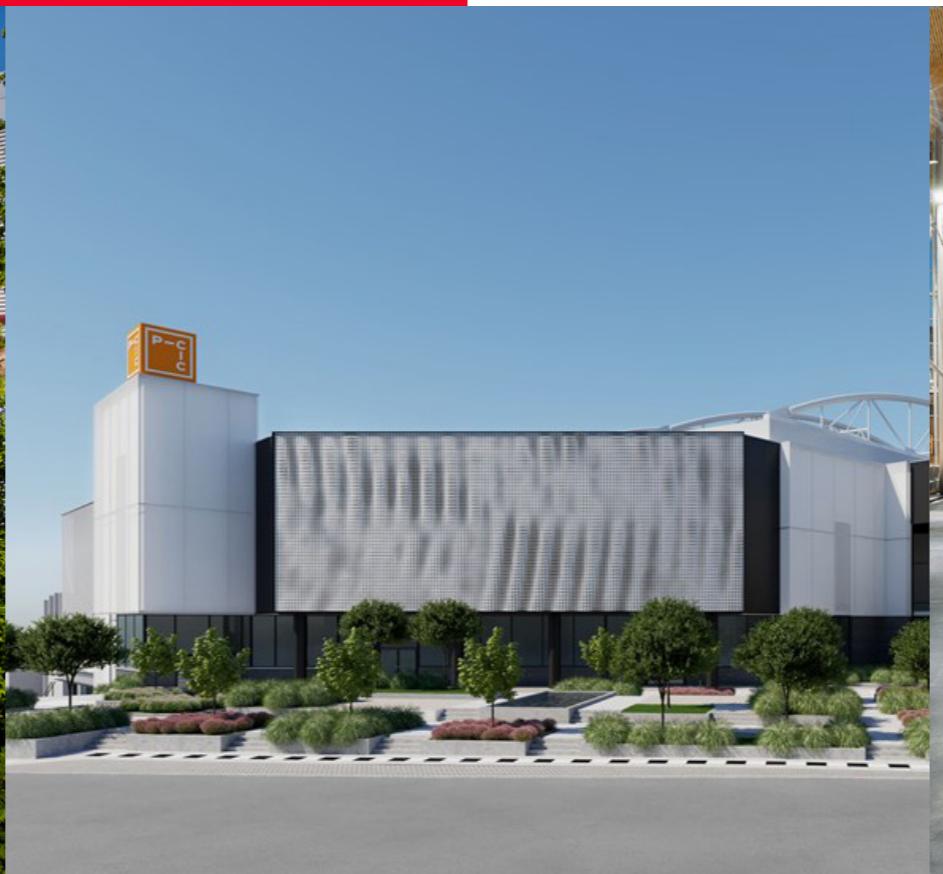

Poznań Ławica
International
Airport: **15 mins**

Railway Station
Neighborhood:
2 mins

Old Town:
10 mins

The Poznań International Fair combines scale, flexibility, and cutting-edge infrastructure, making it the perfect location for world-class events in the heart of Europe.

The state-of-the-art exhibition pavilions as well as the Poznań Congress Center provide the perfect setting for mega-events and large-scale international gatherings. Each pavilion is designed to ensure optimal conditions for exhibitors and event organizers. These pavilions combine modern architecture, a spacious layout, and advanced technical solutions to create an exceptional environment that is second-to-none.

The venue is located in the city center, right next to the railway station, and can be conveniently and quickly accessed from the airport.

Why Partner with IAC 2027

For over 70 years, the International Astronautical Congress (IAC) has been the launchpad for groundbreaking ideas and projects that have advanced humanity's reach into space, driving innovation and shaping a sustainable future. Partner with IAC 2027 and become part of space legacy in the making.

Global Networking.

The IAC is the premier meeting place for all space sector stakeholders. It offers unparalleled opportunities to network with industry leaders, scientists, agency officials, policymakers, and young professionals.

A Powerful Agenda.

The IAC provides an unparalleled opportunity to learn about the most recent trends and developments in space. Global Leaders and Experts from different space fields and disciplines address scientific, technological, policy and legal matters. A rich programme composed of associated events, plenary debates, highlight lectures and late-breaking news complements this robust agenda.

Unprecedented Exposure.

The event is a unique chance to enhance your employer branding and showcase your company's values in the world's most advanced and fastest-growing sector. Boost your brand's visibility through exclusive opportunities at the IAF Global Networking Forum (GNF) – the ultimate platform to highlight your brand and forge powerful partnerships.

A World-Class Exhibition.

Showcase your company at the world's largest space exhibition and engage with a dynamic plenary agenda at IAC. Reach thousands, stay ahead of the latest breakthroughs, and amplify your impact at IAC – your gateway to powerful connections and unique opportunities.

By becoming an IAC 2027 Partner, you establish a leading position as an architect of our shared future in space exploration and sustainable living on Earth.

Join the world's most rapidly growing economy.

Be part of the next big trend, the future of humanity!
